Dear Newschool,

Your school has been selected at random by our class to join us in Northern Lights Movement For Kids' penpal challenge. We really hope you participate!

We are a Grade 6 Class from Anyschool Elementary in Anytown, Sk.. We live on Treaty 6 Territory. There are 24 students in our class. We can either correspond as a class or as individual students and our teachers will distribute letters once received.

We are interested in learning about your class, school and community and would love to share about ourselves, too!

Your friends,

The Grade 6 Class at Anyschool Elementary
